Dear Dale

**Local Authority Building Control
Northwest Building Excellence Awards 2013**

RE: Demolition of existing rear extension and construction of a two storey extension.

I am delighted to inform you that Warrington Building Control has nominated your recently completed building project for the Northwest Building Excellence Awards. These awards are regional heats for a national event held by Local Authorities to promote and recognise quality builders and building throughout England and Wales.

The regional awards ceremony was held at the Premiere Suite, Reebok Stadium, Bolton on Friday the 26th April 2013 and although your project did not win the overall award at regional level, it was the best project in its class in the Warrington area.

I would like to take this opportunity to congratulate you, and your employees, in constructing a building of outstanding quality and offer you this certificate as recognition of the fine work you have carried out. The portfolio holder for Environment & Regeneration Councillor David Keane was very impressed with the quality of the submissions this year and also sends his warm congratulations.

I trust that the service you received from my building control team reached your expectations and we look forward to working with you on future projects, in Warrington or other areas within England & Wales through the LABC Partnership scheme.

Yours sincerely

Tony Gartside MRICS
